(641) 220-1461 Ben
www.linzheritageangus.com

Welcome back to Crown Point, Indiana for the Linz Heritage Angus 6th Annual Female Sale. My team and I are happy to have you all join us. Our passion and dedication for building a world-renowned Angus genetics program shines through in this year's offering.

With our recent purchase of Linz Heritage Angus Blue Branch Ranch in Byars, Oklahoma, our scope and vision have never been clearer. Producing females that uphold structural integrity and contain true muscle and dimension while having carcass merit to help producers capture that extra dollar on sale day. This year's sale proves just that. The cattle are long-bodied, great on their feet and legs, and have lots of power. We are proud to offer genetics on B082, the dam to the very popular Sterling Pacific 904 and Baldridge Isabel F047. The donors in this offering trace back to some of the most infamous cows in the breed. 6172, 8511, and F157 have certainly played a large role in our herd, and I know they will do the same in yours.

With the loss of RB Lady Denver 167-453, this will be one of the last chances to get your hands on a direct daughter. The power and mass are unmatched in these females and their numbers are impressive. Over the past few years, we have looked hard for outcross sires that could offer something a little bit different. We found just that in Rathbun ChangeMaker and MG Magnitude. 1919 and 1927 are ChangeMakers that have bull maker written all over them. 1621 and 1897 are Magnitudes that are attractive and feminine and certainly find their way into the donor pen.

Please join us on September 2nd for what is sure to be another terrific sale. We look forward to celebrating this event with amazing food and refreshments. Thank you and see you soon!

Fred Linz Family

Linz Heritage Angus Crew

The Meaning of Labor Day

Labor Day is a creation of the labor movement and is dedicated to the social and economic achievements of American workers. It continues a yearly national tribute to the contributions workers have made to the strength, prosperity, and well-being of our country.

LINZ BULLS PAY!

Consistent quality in this pen of steers sired by Linz Exemplify! The Linz Heritage Angus buyback program works with our bull customers to create value within their herds. By utilizing Linz genetics on your commercial cows, we are able to follow those calves all the way through the beef supply chain. We measure profitability at multiple stages of the cycle with our data collection tools. Linz Heritage has the ability to help you raise more profitable cattle and we have the data to prove it. Be a partner in this program and join the Linz family on our quest to help raise profitable Angus cattle on your ranch to create the perfect steak for consumers.

PARTNER SPOTLIGHT

SONORA GRILL GROUP - MEXICO

SONORA GRILL GROUP

The Dream of Ricardo Añorve

Visit any well-known city in Mexico and you are bound to come across one of the many beautiful Sonora Grill Group concepts. The group at Sonora takes meat *very* seriously and they prove that day in and day out by working directly with the Linz family. Importing beef from Chicago to Mexico is no easy task, but this is a team that refuses to work with anything but the best, a team that goes the extra mile for their guests, every time. Sonora has indeed become the clear choice for the high-end dining experience in Mexico. That high-end experience began with the determination of Ricardo Añorve.

The success of the Sonora Grill Group goes back to Ricardo and his dream of a successful restaurant that would offer the best meats at a fair price. In 2004 after several years of planning, searching for an establishment and building a team, he started what would become Sonora Grill. Starting with eight collaborators, Sonora Grill Group has grown today to more than 3,500. Sonora is one of the most renowned restaurant chains in the country and includes five concepts including Sonora Grill, Sonora PRIME, Parrilla Urbana, ROOF, Holsteins and coming soon Cervo. The group dominates the culinary scene with 41 restaurants in different parts of the country and proudly features the best of the best, Linz Heritage Angus beef.

The relationship between Meats by Linz and Sonora Grill Group has grown strong since it began in 2018. We are determined to continue providing the absolute best in Black Angus beef to the absolute top chefs and restaurants in Mexico. One thing is for sure, on your next visit to beautiful Mexico, make sure one of the many Sonora locations is on your dining agenda.

LINZ HERITAGE ANGUS ONLINE

DIRECT TO CONSUMERS / WWW.EATANGUS.COM

The New Household Favorite

The demand for Linz Heritage Angus beef continues to grow among America's top chefs and consumers alike. Over the past year we've seen more and more beef connoisseurs make the switch to Linz from other online retailers. The positive reviews we've received from these new customers are humbling and we look forward to being their exclusive meat supplier. The consistency and quality that we're determined to deliver is bringing the steakhouse to our customer's kitchens and they aren't going back. This is Linz Heritage Angus genetics at work.

As interest in dry aged beef continues to soar, we are excited to announce a new program headed to the Linz Shop later this year. Coming soon will be a custom dry aging order program. Custom aging is one of the things that sets Meats by Linz apart from other purveyors. Top chefs depend on our custom aging to achieve the exact desired flavor profile for their guests. Soon, our Linz Shop customers will have the same opportunity. Expect the program to offer several options like whole ribeye and striploin, aged to your exact specification. This will be an unprecedented program for consumers and once again raise the bar.

The last quarter of the year is quickly approaching, and holiday gifts will be top of mind. We are proud to say that gifts from the Linz Shop are second to none. We are happy to offer everything from a Tomahawk Ribeye for Dad to bulk gifting options for employees and customers. Our different holiday packages offer something for everyone including top-of-the-line seafood and poultry to accompany the world's finest beef. As always, we make sure these gifts are delivered in our signature black Linz cooler for the ultimate gifting experience. If you haven't already, try gifting with Linz this year.

PHENOTYPE AND GENOTYPE SHOW

LINZ EMULOTA 102 / Division winner at Eastern Regionals PGS, shown by Hayley Jentz.

LADY CHARM 453-9191 / Reserve Division Winner in the PGS Show at the 2020 National Junior Show for Miranda Raithel.

LADY FOREFRONT 0899 / Reserve Champion PGS heifer at 2021 Eastern Regionals.

LADY EXEMPLIFY 0736 / Grand Champion PGS Female at Eastern and Western Regionals and Division 2 Champion at Angus Jr. Nationals.

GENETIC PATHWAYS
CONSULTING & MARKETING

Dear Cattlemen and Friends,

It is with great enthusiasm that I am a part of the Linz Heritage Angus annual sale. I am beyond excited about the Angus seedstock business when I am fortunate enough to work with and build relationships with some of the best breeders in this country. This set of females have proven genetics and this program has only grown stronger each year. The plan from the beginning at LInz Heritage Angus was to have both tremendous phenotype and genotype genetics. This has been proven at the National level with the recent winnings at both the Western Regional and Eastern Regional Junior and National Junior Angus shows. Out of the six shows in the last two years, there have been two grand and two reserves. This in itself is a huge honor and great accomplishment, proving that this program works for the top P&G genetics in the country.

If you are looking for big proven numbers and front pasture kind, come on sale day on Friday, September 2, 2022 in Crown Point, Indiana. Please plan on joining us and call ahead with any questions you may have at 219-776-7584. I can sincerely say that there is something here for any of your herds needs and complimentary to your program.

Sincerely,

Glenn Davis

Welcome Angus Breeders,

The 2022 Linz Heritage Female Sale will feature the strong breeding program known from this progressive operation. Elite phenotype, proven cow families and strong EPD pressure has been a priority at Linz and this sale shows that depth with many excellent females selling.

This breeding program is fully integrated with an end product brand - Meats by Linz. The recognition of this brand is coast to coast with many leading restaurants and suppliers carrying the Linz brand. Their ability to see results from their breeding program to the end user is what the cattle business is all about, so when purchasing from Linz Heritage, you are buying a proven product that can make a return for any operation.

Lot 1 is what Linz Heritage is all about. Linz Lady Changemaker 1919 is impressive. Her balanced EPD package, backed by an outstanding outcross cow family, makes this young female a true feature. One half interest sells giving buyers the opportunity to be partners with the Linz program. Many descendants of the now deceased RB Lady Denver 167-453 sell, giving breeders a chance to buy into a great cow family that has proven herself across the Angus breed. Many other females will be sold, so please join us September 2, 2022 in Crown Point, Indiana.

It is a pleasure of ours to be working with the Linz program, Fred and Camile and their family along with manager Ben Weis and his crew have done an outstanding job. They stand behind their product and they care about your success. If you have any questions about the offering please feel free to reach out to us, we would be glad to visit with you about the offering.
